PANORAMA

# FOREWORD

Throughout our short lives we have experienced joy and sorrow. We have experienced discovery and the problems initiated by it. In deciding for ourselves who we are and trying to assure ourselves of a definite purpose, we have also experienced emotional confusion.

As we, the senior class, strive to identify ourselves as adults, we realize that we need to formulate goals in accordance with the challenge presented by our times.

## DEDICATION

We, the Panorama staff of 1962, dedicate this edition to the Challenge of the Future. As we take our places in the world of widening horizons that awaits us, may we also dedicate ourselves to this great Challenge.

PRESENTING A

# PANORAMA

OF SPRING

AT  
NORTHERN HIGH SCHOOL  
DILLSBURG, PA.

VARSITY BASEBALL TEAM

## HITTING THOSE HOMERS

### Varsity Baseball

The Varsity baseball team, coached by Robert Baker, compiled a record of three wins, nine losses, and one tie. Wins were recorded against Susquenita (twice) and Boiling Springs.

There were only three seniors on this year's team which was composed of twenty boys. This will leave the team with many experienced players for next year's season. The seniors on this year's team were Rick Baker, Larry Chronister, and Woody Knaub. Two other seniors, Jim Dorsey and Ron Elicker, were managers.

### Softball

The girls' Softball team, with 27 girls, won one game and lost eight. The only win was in the game against Cedar Cliff. Four seniors were members of the team: Judy Hoover, Linda Wire, Barb Price, and Charlotte Keller.

Miss Dietz, the girls' coach, said that there is "promise of having a much better team next year."

GIRLS' SOFTBALL TEAM

JUNIOR HIGH BASEBALL TEAM

The Junior High Baseball team had a record of four losses and one win. Although there were only a few games, the boys played well and "were just getting into the swing of things when the season ended" said Mr. Watkins, their coach.

Thirteen freshmen were members of the team and are eligible to move up to Varsity next year. Seventh grade prospects looked good — a fact which makes us look for better baseball in Northern's future.

## RAISING THE SCORE

### WINTER SPORTS SUMMARY

In a special part of the Winter Sports Assembly, awards were given to three senior Varsity football players. The award for the best lineman went to Gary Gochenour, quarterback. Rick Baker, left end and team captain, recieved the "most valuable player" award.

This winter assembly is held for awards to be given in basketball and wrestling. The Senior High Varsity basketball team posted a 5-13-0 record while the Senior High Junior Varsity's record was 4 wins and 14 losses. In the Junior High, neither the Varsity nor J.V. team was able to overcome its opponents. Jim Spangler and Dick Hollinger won the foul shooting awards given for Sr. High Varsity and Jr. Varsity. In the Blue Mountain League scoring, Don Harlocher ended the season in tenth place while Rick Baker finished in second place, after leading the league scoring for three and a half weeks.

The wrestling team compiled a record of four wins and four losses. In the York County Novice Tournament we had four first place and four second place winners. Northern was fortunate to have had two sectional champs: Eugene Good, senior 95 pounder, and Jon Sileo, junior 138 pounder.

### SPORTS AWARD WINNERS

Left to Right: Jon Sileo, Dick Hollinger, Jim Spangler, Don Harlocher, Gary Gochenour, and Rick Baker.

TRACK  
Top — Field  
Bottom — Track

This year was a record-setting year for the track team, coached by Robert Terry. Records broken and the team members who broke them are javelin, Gary Gochenour; shot put and discus, Joel Heberlig; mile run, Penrose Myers (also broke conference record); 880 relay: Jay Young, Loudon Hoffman, Gary Gochenour, Jim Young;

and mile relay: Jay Young, Loudon Hoffman, Gary Gochenour, Francis Myers, Penrose Myers.

There were six members of the Class of '62 on the team: Jay Young, Gary Gochenour, William Weder, Penrose Myers, John Myers, and Jay Hammond.

## SHOWING TALENT IN SPORTS

This year was a rebuilding year for the golf team, coached by Mr. Bostic. However, at graduation the team will lose only one senior, Jim Otto. There are four juniors and two freshmen members this year, so that Mr. Bostic is "looking forward to a much better season next year."

The team was a member of the Central Pennsylvania Interscholastic Golf League and home matches were played at the Range End Country Club. The team record was six wins and nine losses. This year Bob Huffman, a junior, received the "most valuable golfer" award.

# FACULTY

To the Class of 1962

You are living in the most challenging age in human history. With wars blowing hot and cold, technological and scientific advances, automation, and a host of other things that tend to make modern day living a complexity, we hope that Northern has prepared you to meet the future with a confidence that you will succeed and master the problems facing our world. We hope that you will wisely use the knowledge gained here. We wish everyone of you an abundance of success.

M. LUTHER SCOTT

## FRIENDSHIP LANGUAGE

Increased language skill leads to broadened horizons. In the life of today, it is not only necessary to know our own native language, English, but of great advantage to know others also. We can then communicate intelligently with people who speak other languages, at home and abroad. We must be able to understand others, and they must be able to understand us, if we are to successfully carry out the mission of world peace.

## GUIDING THE SOCIAL

Faculty members in the Social Studies Department taught us the history of our country — and of the world, the study of our government, and the geography of the earth. We learned the relationship between the people and their environment; these in turn intimately related to the governments and their work. Junior high geography and World Geography courses afford to the student a chance to study the physical make-up of the earth — topography, climatic

conditions, and distribution of flora and fauna. Through the required courses — Pennsylvania History, Civics, World History, American History and World Affairs — we learned to appreciate the work done by those who have laid the foundation for us to build upon. It is readily perceived that Northern supplies the good foundation and emphasis on the future so necessary for social success.

## INSTRUCTING AND

To meet the challenges rendered by complex problems in an age of mechanization, a variety of programs have been instituted in the Mathematics and Science Departments. In the junior high, students take courses in General Science and Mathematics Fundamentals. Available to senior high students are Biology, Chemistry, and Physics, as well as Algebra (I, II), Plane Geometry, Trigonometry, and Advanced Mathematics. Advanced Science and Commercial Math courses also offered.

MILDRED MAC CLUSKEY

RICHARD F. NELL

JOANNE BEDENK  
B S

## US IN MATH SCIENCE

Classroom studies (including laboratory investigations) are augmented by field trips. The close relationship between mathematics and science is ever apparent to the student. Competition in these fields of study is great, being especially encouraged by the Annual Science Fair in which students display the results of much planning, research, and building to create a successful project. Because society is becoming more competitive every day, such competition is a worthwhile experience.

A plan of studies in Vocational Agriculture is a popular course because of Northern's location. It offers training in the field of farming, which is becoming more scientific every day.

Students study Practical Arts in the seventh, eighth, and ninth grade. Additionally, there are courses offered as electives to senior high students. These courses in Industrial Arts and Home Economics are important in developing self-expression and independency.

## OUR LIVES

Health classes and instruction in driving are also provided for students.

Through the increased emphasis on physical education, the Education Department has risen to the challenge. Girls and all boys in the physical education classes took physical fitness tests. Basic fundamentals of all sports are taught, and tumbling and apparatus work also provides recreation for students. By participating in athletics, we build our bodies, learn good sportsmanship, and realize the value of physical activity.

# CLASS HISTORY

In September of 1956 the members of the Class of 1962 first set foot in Northern's halls. There were 150 of us, scared and bewildered by the newness and bigness of the school. We were assigned to four homerooms. Mr. Watkins was our advisor. The officers we elected were Jay Young, President; Carl Landis, Vice President; Judy Taylor, Secretary, Kathy Evans, Treasurer, and Larry Chronister, Historian.

As eighth graders we were again divided into four homerooms, this time with Mr. Brenner, Mrs. Snelbaker, Mr. Wagener, and Mr. C. Musser as teachers. Mr. Klotz took over as class advisor helping the President, Carl Landis; the Vice President, Kitty Cassell, the Secretary, Jay Young, and the Treasurer, Drusilla Lehman, reorganize our class. We really started our class activities as Freshmen with Rickey Baker leading the class as President. We got our class treasury off to a good start by building our float "Miss Alaska of 1962" which won first prize in the Farmers' Fair Parade. Our stand, situated in front of Wiley's Appliance Store and decorated in the newly chosen class colors, blue and gold, also added needed funds to our treasury. Other activities included a skating party at Rainbow Rink and bake sales. Assisting the President this year was Vice President, Charles Bretz. Ronald Wenger watched over our class treasury and Ann Bentz kept our class records. The year's events were recorded by Barbara Greenfield. Our homeroom teachers were Mr. Nell, Mr. Swartz, and Mr. Sigmund.

Starting out early on a rainy morning in May, we traveled to our nation's capital on our ninth grade class trip. After a relatively unexciting trip down (we only broke a fan belt) we were delighted to see the sun come shining through as we started on our trip around the town. We visited the Washington Monument, Smithsonian Institute, the Capitol, and the Washington International Airport. Tired as we were, we arrived back in Dillsburg wishing we could've stayed much longer.

September 1959 saw us as Sophomores. This year our class advisor was Mr. Byler. We were again divided into three homerooms; this time our teachers were Mr. Marstehler, Mr. Swartz, and Miss Wright. Glenn Fahnestock served as class President, Charlotte Keller was Vice President. Keeping the records were Charles Monmiller, Secretary, and Gerald Slothower, Treasurer. We again had a food stand at Farmers' Day and our float "Star Princess" brought us many rewards. We also sponsored the Christmas dance and several bake sales. Five class members helped make our tri-class play, "Cracked Nuts," the big success it was.

At the beginning of our Junior year Mrs. Armstrong took over the reins of the Class of '62. With her help the officers (President, Tina Bowers, Vice President, James Dorsey, Secretary, Jay Young, and Treasurers, Judy Taylor and John Myers) planned many activities: our stand at the Farmers' Fair, our striking red, white, and blue float, "The Election Year;" bake sales; skating parties, our cold, cold car wash, the Valentine's Dance, and our biggest project — the Junior-Senior Prom, "Blossom Time." Homeroom teachers this year were Mrs. Wessels, Miss Myers, and Mr. Stoops.

In the fall of 1961 we began our long-awaited Senior Year. Mrs. Armstrong again was our advisor. Our smaller class was now divided into only two homerooms with Mrs. Kerr and Mr. Nell as teachers. Our stand at Farmers' Day again proved quite successful. Lois Sherman was elected Homecoming Queen and reigned over the annual Homecoming Dance. A few weeks later Carolyn Rosvally was chosen Queen of the Farmers' Fair. Many hours of work were put into the preparation of our Senior Play, "The Groom Said No!". As Christmas time approached we trimmed our Christmas tree and sold candy. With the approach of the Easter season we sold Easter candies. We had a wonderful time at the Junior-Senior Prom as our senior year was fast drawing to a close. Our exciting trip . . . Baccalaureate Service . . . Graduation ceremonies . . . we were no longer Seniors — we were alumni!

Left to right: Mrs. J. H. Smith, Mr. J. H. Smith, Mrs. J. H. Smith, Mr. J. H. Smith, Mrs. J. H. Smith, Mr. J. H. Smith

The following is a list of the names of the students who have been in the classes of the school during the year 1910-1911. The names are arranged in alphabetical order of the surnames. The first column contains the names of the students who were in the first class, the second column contains the names of the students who were in the second class, and the third column contains the names of the students who were in the third class. The names are arranged in alphabetical order of the surnames.

## PREPARING TO MEET

The eighth graders, with a year's experience in high school, help the seventh graders through their trying times. They tell them the "inside stuff" about the faculty members they will meet and help them find their way about the school. Of course, the eighth grade members still have some questions to ask the upperclassmen too.

# ACTIVITIES

SENIORS

## REMEMBERING

We held our prom on May 29, 1961, in the ballroom of the Chalet. Although the weather was not the least bit spring-like, flowers bloomed all around in "Blossom Time" as we danced to the Greenwood Swing Band. Our class Vice President, James Dorsey, having been appointed by Tina Bowers, class President, as general chairman of all the prom committees, served very capably. Linda Miller wrote many letters in quest of an orchestra, and Jay Young was in charge of getting the necessary information and setting up the programs. Ann Bentz headed the ticket committee. Gayle Strayer and Susan Gruber spent many hours designing and making decorations. They also assisted and

BLOSSOM TIME COMMITTEE

## "BLOSSOM TIME"

During the month of April, the Blossom Time committee will be sponsoring a series of events designed to bring the campus community together. The first event will be a dance on April 10th, followed by a picnic on April 15th. The committee is also planning a series of lectures and seminars on various topics of interest to the student body.

The Blossom Time committee is composed of members from all of the major student organizations on campus. The committee is dedicated to providing a high quality program of events and activities for the entire student body. We hope that you will all enjoy the events sponsored by the Blossom Time committee.

## OF STUDENT EXPRESSION

The Student Council of Northern High School is well known for the many projects it undertakes in an endeavor to better student-faculty relationships of the school, comprising a group of student officers. Representatives are elected from each homeroom. In addition, there is one representative from each of the twelve clubs. The council meets weekly, and the officers are elected for a one-year term by the entire student body.

This year the council has sponsored a variety of projects, including a Homecoming Conference, maintenance of school grounds, distribution of stationery (pencils, pens, and tablets), organization of a school-wide fund drive, a jukebox, sale of bookcovers, candy sales, and games, and playing Christmas music during the pre-Christmas season. In an effort to better student-faculty relationships, the council again sponsored Student Giving, giving chosen students a chance to express their appreciation of faculty members. To give recognition to those pupils achieving academic excellence during the year, the names of those achieving the honor rolls were placed on the Honor Board, located in a prominent place in the lobby.

A vital part of a school's life is the student body, and it deserves much credit for its contribution to the school's success.

## PRODUCING

LEFT TO RIGHT: B-2A, B-2B, B-2C, B-2D

The first step is to find the value of  $\lambda$  that minimizes the function  $f(\lambda)$ . This is done by setting the derivative of  $f(\lambda)$  with respect to  $\lambda$  equal to zero and solving for  $\lambda$ . The value of  $\lambda$  that minimizes  $f(\lambda)$  is the optimal value of  $\lambda$ .

## THE PANORAMA

Every year the PANORAMA staff goes unnoticed until that important day at the end of the school year when the year-books finally arrive. Then, the seniors and faculty members get writers' cramp and, finally, a satisfied feeling

It isn't long until the PANORAMA takes its place on a shelf and stays there for a long time. But, someday, someone will pull it down and say, "You know, this is a pretty great year-book! Did you really look like that when you . . . ?"

## COMMUNICATING IDEAS

### PLANNING THE COMING ISSUE

"When do we get the next issue?" is a question common to Northern students. Of course, they're talking about our school newspaper, the "Purple and White." The paper was issued seven times during the 1961-62 school year and all students who wished to be well-informed quickly bought the latest issue and read its many interesting articles, ranging from very serious to highly humorous. All the latest happenings could be seen in print, as well as art work and photos. We even had a gossip column. With the increasing importance of Northern in the sports world, many articles were devoted to the accomplishments of our teams. Each staff member did his best to help meet the deadlines for writing, editing, and typing. Mrs. Rhone was the faculty advisor, willingly giving assistance and encouragement to the newspaper staff.

## STAGE CREWS

The Senior and Junior Stage Crews are responsible for making things run smoothly in the auditorium. Members of the stage crews build and paint backgrounds for our plays, correlate lighting effects with programs and assemblies, and arrange the stage so that it can be used to the best advantage. Mr. Blyter advises the boys

## FFA

The Future Farmers had an active busy year. Eight boys, accompanied by Mr. Spoerlein, attended the officer training school in Red Lion. The annual FFA night was again a big success, with over 700 farmers and businessmen attending. Eleven boys won prizes at the 1961 Farm Show and four boys played in the band. At the National FFA Convention at Kansas City, Mr. Spoerlein coached the Pennsylvania Livestock Judging Team and Ronald D. was a member of the National FFA Band. Additionally, many members entered exhibits in the York and Drisburg Fairs.

## FUTURE NURSES

The Future Nurses, advised by Mrs. Rider, helped arrange the school health records, collected, sorted, and distributed clothing for use by needy families, and packed a basket as a Christmas present for a deserving family. At club meetings the girls heard speakers tell of the problems and satisfactions encountered in their nursing. The club members gained experience for their future careers through their many interesting activities.

FOOTBALL TEAM

JUNIOR HIGH BAND

## REPRESENTING

The members of the Junior High Band continually worked to increase their music skills in anticipation of becoming members of the Senior Band. Every year Junior High Band members face more challenging music than before and they are becoming well known for their fine sound. The highlights of the year for the Band were participating in the halftime show at the Parent's Day Game and presenting their part of the annual concert.

The eight members of the Junior High Band Front led the band at all of their marching band appearances. These girls are gaining experience for future years as members of our Senior High band front.

THE STATE MARCHING BAND

## NORTHERN IN MUSIC

"Huckleberry Hound," "The Early State, Howa," and "Coney Island" were three of the half-time shows presented at football games by the marching band this year. The band also played for the parade in the Dillsburg Fair Parade. Highlights of the fall season were trips to the State Band Day and to Harrisburg Marching Band contest where the band received a first place rating.

Northern's Dance Band, striving for better sounds and wider fame, provided music for many occasions. They gave music for the Farmers' Fair Queen Contest, the Sample Fair, and the L... party. If they continue to progress at the same pace, the Northernaires are sure to gain popularity.

DANCE BAND

## CONCERT

The concert was held in the gymnasium and was a great success. The students performed a variety of pieces, including a symphony, a concerto, and several smaller pieces. The audience was very appreciative and the students were well-received.

## JUNIOR HIGH FOOTBALL

The Junior High Football coaching staff, consisting of Coach Peter and Coach A. was in the West Shore Junior High Football League. The team has been playing football since the early 1970s and has been a part of the Junior High Football League for many years. The coaches are looking forward to giving the boys a good experience in their Junior High years.

The offense attack was highlighted by veteran players, who only had a few games in the year to play for Northern and was the most powerful back in the league. Pat P. Doherty and Eric G. Grier were the top boys in defense. However, these boys will be moving up to the city school next year. Mr. Byer will have many veterans returning next year and is looking forward to having a great team next year.

# CHEERING OUR TEAMS

SENIOR HIGH VARSITY

FIRST ROW, left to right M. Panyire L. S. Price S. Yohe N. Pitcher SECOND ROW M.

The ever-present backbone of school spirit, Northern's pretty and peppy cheerleaders, had a very eventful year. The four squads Varsity and Junior Varsity Squads in both the Senior and Junior High, were advised by Mr. Wagener. This year was the first year for a constitution and an executive council, which set the policy for all our cheerleaders to follow. In addition to cheering at athletic events, the girls also led the student body at all of our many pep assemblies. They again sponsored a spring clothing clinic, with representatives of over 70 schools attending. Slogan ribbons and Polar Bear buttons, worn by many students, were sold by the cheerleaders to promote school spirit and also as a money-making project.

# TOWARD VICTORY

They also sold knitted wear in our school colors, purple and white. Sponsoring the annual Homecoming Dance and dances after basketball games was another activity. Most of the money in the treasury is spent for uniforms and this year we saw our Varsity girls decked out in striking new ones. With the last sports event of the year the four senior members of the Varsity Squad — Barb Price and Sue Gruber (Co-Captains), Shirley Jenkins, and Marlene Grim ended a cumulative total of twelve years of following and cheering for our teams. We congratulate these girls and all of our cheerleaders on a job well done!

## SINKING SHOTS TO RAISE THE SCORE

The members of this year's basketball team showed a desire to win and a spirit of teamwork. By constant practicing, dribbling, passing, and going up to score, our boys worked to win their game.

Composed of four seniors and four juniors, the Senior High Varsity squad, coached by Mr. Allison, was the smallest of the squads. Varsity squad members were R. Baker, Larry Chronister, W. Knaut, and J. Young. Mr. Byler coached the Junior High team. Just fifteen boys made up the squad. These sophomores and juniors gained experience for their coming seasons.

### Varsity squad members

During Junior High, Mr. Kistler's Varsity squad members showed a lot of pep and fight. Of the twelve squad members seven are freshmen and will be moving up to Senior High next year.

The largest team was the Junior High J.V. squad with sixteen members. Mr. Ficke coached the boys, many of whom were out for basketball for the first time. They enjoyed the fun of the game in practices and saw much action in their games.

VARSITY CLUB, FIRST ROW, LEFT TO RIGHT: Eugene Good, Gary Gochenour, D. Roberts, R. Witmer, Bill Weder, Jon Sileo, and David Roberts. SECOND ROW: Ken Baker, Larry Chronister, John Dient, Gary Gochenour, Eugene Good, Guy Farnsworth, and Ken Ilgenfritz. THIRD ROW: Frank Merovich, Gerald Stough, and Jay Young.

The purposes of the Varsity Club are to promote better athletics and good sportsmanship, to set higher goals for participants, to stimulate interest in athletics, and to set higher athletic standards.

The officers of this year's club were Gary Gochenour, Pres., Jon Sileo, V. Pres., and David Roberts. Secretary was Stephen Baker, Larry Chronister, John Dient, Gary Gochenour, Eugene Good, Guy Farnsworth, Ken Ilgenfritz, Frank Merovich, Gerald Stough, Bill Weder, and Jay Young.

In order to be eligible for membership in the Varsity Club, a candidate must have received a varsity letter and be active in a sport. However, just the receiving of the letter and the participation do not automatically guarantee membership. The candidate must be voted into the club by the current members.

The club members provide parking directions for all events at school as a service project. As a reward for services and achievements, the seniors receive varsity jackets with an emblem symbolizing the sport in which they received their letters or participated in four years.

## OUTSTANDING IN ATHLETICS

"I'm the brains of the outfit"

How you've changed

Supper Monday

It's 1972 — we're attending the ten-year reunion of the class of 1962 at Dillsburg's beautiful country club. Almost all of our class members are here. Let's find out what has happened to them in the past ten years.

Jamie, who traded in her Ford for a compact car, is a private secretary (for Fred?)

Carl Beamer is the chief photographer for the Harrisburg Patriot-News. Now married, he is the father of a darling little daughter. Charles Myers is also a staff photographer for the same newspaper.

Ed Chubb has a radio and TV repair shop. Donald Weller owns the biggest farm for miles around.

Barb Byers, famous for her music ability, now gives private lessons in New York.

Gary Gachenour is the quarterback for the Green Bay Packers, who have led the league for the last five years.

Ann Bentz is now a social studies teacher at Northern. She's one of the best-liked teachers — she never gives homework on week-ends. Esther Cook is teaching first grade in the Northern Elementary School and Sue Gruber is the teacher in the newly developed kindergarten in the Dillsburg area. Sue says she especially likes nap time for the kiddies. Eugene Good is also teaching in the Northern School system.

Rick Baker is head coach at the near-by high school, where his teams have made a habit of collecting trophies.

Jean Bell, with her red hair, is setting classes on fire. Always enthusiastic, she's one of the best teachers Northern ever produced.

Charles Burns, after a hitch in the Navy, has settled down in our valley as a farmer.

Betty Blake has just returned from a trip around the world. She has many interesting stories of her adventures.

Larry Chronister is a space scientist in the animal research laboratory at Cape Canaveral.

Having gotten her degree in education, Tina is now married (to a coach?) and has twins, a boy and a girl.

Woody Knaub, Gerald Slothower, and John Myers are electricians in the Air Force. Fortunately, none of the boys got their wires crossed.

Bonnie Wolf is the nurse in charge of the accident ward at New York General Hospital. Members of her "crash and smash" staff include Mary Jane Henrikson, Delores Miller, and Karen Wagner.

Marlin Mackey is developing a car only men can drive . . . he never lost his hatred of women drivers.

Maybe Doug's dentistry isn't paying off — we see only two fingers on his right hand.

Doris Miller, who is a filing clerk for a large manufacturing firm, and Linda Wire, who is a key punch operator, are both working in Chicago.

Ted Shope is an Ivy League type mechanic.

Ronald Elicker is president of the Ford Motor Company and has just developed an engine that uses water for fuel (he's sure to become a millionaire). Assisting him on this project was James Otto.

Kathy is the private secretary to the president of Lycoming College in Williamsport.

Marlin Dahr is back, looking for old friends.

Dennis Goodling is madly illustrating "Mad" magazine and can't be with us. We hear that his favorite saying is "Who, me worry?"

Linda Miller is still studying to be an obstetrician. She will join Dr. Spock in child development research at Yale.

Barry Runk, now the world champion pool shooter, is the life of the party tonight. He learned a fabulous technique while in the Navy (pool, of course).

# PROPHECY

Moe Stough is the chief engineer in the boiler room of the wackiest ship in the Navy  
Bill Spates is the captain of the ship

John Diehl is a career Marine and is not able to be with us. Nobody has heard from Conway Ditlow for a long time. We wonder where he is

Sherry Fissel takes notes on the operations of a neurosurgeon in New York

Ken Firestone, assisted by Wayne Myers, irons out the bugs in the manufacture of new Chevys

Jean Eggleston is working for a doctor in Harrisburg

Joe Freed couldn't come — he's chief of naval operations in Washington. The Navy  
raging storm and broke his os calcaneus. Ken Ilgenfritz rescued Joe from his perilous  
position and is now assistant chief of naval operations. (We wonder if the boys didn't  
plan this maneuver since they both suffer from sea-sickness.)

Lois Sherman is secretary to the assistant chief of naval operations. She didn't have  
to slip on the poop deck to get her job

Penrose Myers is now manager of a cafeteria where the trays go by and pick out a  
'people' instead of people going by and picking out a tray. Penny never did like  
cafeteria lines

Karl Myers, in the Navy, is stationed on the Riviera. How lucky can a guy get?

Ruth Masemer is a happy, contented housewife. She has four children now

Is Frank Merovich really a member of the French Foreign Legion?

The leading fashion illustrator for "Harper's Bazaar" is Carolyn Rosvally

Charles Monmiller is a famous actor on Broadway starring in a rerun of "Where's  
Charley?"

Barb Price is a Physical Education teacher and cheerleading advisor

Glenn is the chief cook at the Peppermint Lounge where he teaches the Twist during  
his spare time. He says the dance will never die

Jim Dorsey is working at the York Hospital

Guy Fortney is now head of a construction company, after leading a lengthy revolu-  
tion against the previous head. Jay Hammond is now second in control of the company

Charlotte Keller just drove up in her new T-bird. She executive director of the United  
States YWCA's. Judy Hoover is her secretary

Jay Young is headmaster at Eton and Bill Weder is an engineer for Westinghouse

A laboratory technician, Earl Wehler is married and lives in Grantham

Ron Wenger made money — till the police caught up with him. Not really — he's one  
of the most ambitious businessmen we know

Shirley Junkins is the United States representative to Mexico

Our class produced many secretaries and beauticians. Martha Cook is the governor's  
secretary. Ruthann Anderson Bressler is a legal secretary for a lawyer in Carlisle. Gayle  
and Marlene have a chain of beauty shops. Peg, Kay, Carolyn N., Carolyn S., and  
Mary work for the City of York. Ruthann Anderson Bressler has opened a  
hair beauty shop in D. J. and Ruthann Anderson Bressler has opened a  
do their own hair

Now it's time for refreshments and since we never could pass up food — Let's go!  
But don't you wonder what the next ten years will hold for the members of the Class  
of '62?

## EPILOGUE

Our sense of direction was to a degree coming with us, but it was not there before us  
and it was not there before. We have only to go to the place our resources  
show us, and we find that we may have been wrong.

Now, as we go to the place our place in society, we look back. We see our parents  
and our friends, and we see our future, and we see our teachers, and we see  
our friends, and we see our friends, and we see our friends, and we see our friends.  
We see our friends, and we see our friends, and we see our friends, and we see our friends.  
We see our friends, and we see our friends, and we see our friends, and we see our friends.

But we are not alone. There are other things, but we are not alone. We are not alone.  
We are not alone, and we are not alone, and we are not alone, and we are not alone.
